

MYUNGSOO (MASON) KANG

Software Developer

Los Angeles, CA 90005 | (951) 235-8318 | mkang7446@gmail.com | [Linkedin](#) | [Github](#) | [Portfolio](#)

A full-stack web developer with an MBA and a track record of business marketing and sales. Bilingual, fluent in Korean and English. 6+ years of service in the U.S. Army reserve as a mechanic.

TECHNICAL SKILLS

- JavaScript, Python, React, Node, Express, HTML, CSS, jQuery, PostgreSQL, MongoDB, Django, AWS
- Tools - Visual Studio Code, Version Control (Git, Github), Debugging (Chrome Dev Tools), Testing (Mocha, Chai)
- Languages - English, Korean

SOFTWARE DEVELOPMENT PROJECTS

CamPIN | A full-stack campgrounds review web app

[live site](#) | [github](#)

| React.js | HTML5 | CSS3 | Django | PostgreSQL | AWS S3 |

- Created a full CRUD web application for users to share their experience of campgrounds with google map, search bar, star rating and user authentication for register/login functionalities.
- Configured AWS S3 and Django backend to enable storing image attachments for each campground post.
- Implemented admin capability to allow only the admin to edit and delete a post.

TriFile | A real time stock & crypto tracking web app

[live site](#) | [github](#)

| React.js | Redux | HTML5 | CSS3 | Chart.js |

- Architected React frontend service of stock/cryptocurrency price and latest news in real time using third-party APIs.
- Implemented React for dynamic rendering and routing in order to browse without reloading the entire site.

RAM-Electronic | A MERN stack eCommerce web app

[live site](#) | [github](#)

| MongoDB | Express.js | React.js | Node.js | HTML5 | CSS3 | Axios |

- Collaborated with a team of 3 remote engineers to build a full-stack eCommerce application where users can view electronic products, add to cart and shop.
- Handled async RESTful API calls by communicating with back-end engineers to render data queried from the database.

PROFESSIONAL EXPERIENCE

Tactical Power Generation Specialist

United States Army Reserve

Feb 2016 - Present

- Perform maintenance on the tactical utility, power-generation equipment and internal combustion engines.
- Improve the quality and accuracy of performance and cost through communication and teamwork with members.

Loan Specialist

New Wave Lending Group

Jan 2021 - Dec 2021

- Advised clients to explain the risks and benefits, as well as the terms of loan products and government regulations.
- Obtained relevant information and evaluated applicants' financial status, including credit history, debt-to-income ratio, and appraisal reports, to determine recommendation for loan approval.

Export Manager

Hyundai Shipping Inc

Jan 2019 - Dec 2020

- Managed relationships with international clients, vendors, and business partners to ensure all exportation in compliance with CBP and other government agencies.
- Developed marketing plans for increasing market share through brand awareness, new product development and advertising.
