# MYUNGSOO (MASON) KANG

## Software Developer

Los Angeles, CA 90005 | (951) 235-8318 | mkang7446@gmail.com | Linkedin | Github | Portfolio

---

A full-stack web developer with an MBA and a track record of increasing sales and profitability. Bilingual, fluent in Korean and English. 6+ years of service in the U.S. Army reserve as a mechanic.

---

## TECHNICAL SKILLS

- JavaScript, Python, React, Node, Express, HTML5, CSS5, jQuery, PostgreSQL, MongoDB, Django, Mocha, Chai, AWS
- Tools - Visual Studio Code, Version Control (Git, Github), Chrome Dev Tools
- Languages - English, Korean

## SOFTWARE DEVELOPMENT PROJECTS

### CamPIN | *A full-stack campgrounds review web app*                               live site | github
| React.js | HTML5 | CSS3 | Django | PostgreSQL | AWS S3 |

- Created a full CRUD web application for users to share their experience of campgrounds with google map, search bar, star rating and user authentication for register/login functionalities.
- Configured AWS S3 and Django backend to enable storing image attachments for each campground post.
- Implemented admin capability to allow only the admin to edit and delete a post.

### TriFle | *A real time stock & crypto tracking web app*                               live site | github
| React.js | Redux | HTML5 | CSS3 | Chart.js |

- Architected React front-end service of stock/cryptocurrency price and latest news in real time using third-party APIs.
- Implemented React for dynamic rendering and routing in order to browse without reloading the entire site.

### RAM-Electronic | *A MERN stack eCommerce web app*                               live site | github
| MongoDB | Express | React.js | Node.js | HTML5 | CSS3 | Axios |

- Collaborated with a team of 3 remote engineers to build a full-stack eCommerce application where users can view electronic products, add to cart and shop.
- Handled async RESTful API calls by communicating with back-end engineers to render data queried from the database.

## PROFESSIONAL EXPERIENCE

### Tactical Power Generation Specialist        United States Army Reserve          *Feb 2016 - Present*

- Perform maintenance on the tactical utility, power-generation equipment and internal combustion engines.
- Raise the quality and accuracy of performance, cost and parts data through improved maintenance management.

### Loan Specialist                            New Wave Lending Group               *Jan 2021 - Dec 2021*

- Advised clients to explain the risks and benefits, as well as the terms of loan products and government regulations.
- Obtained relevant information and evaluated applicants' financial status, including credit history, debt-to-income ratio, and appraisal reports, to determine recommendation for loan approval.

### Export Manager                            Hyundai Shipping Inc                 *Jan 2019 - Dec 2020*

- Managed relationships with international clients, vendors, and business partners to ensure all exportation in compliance with CBP and other government agencies.
- Developed marketing plans for increasing market share through brand awareness, new product development and advertising.
