Mason Kang | Full-Stack Web Developer

Los Angeles, CA (Open to Remote / Relocation) | (951) 235-8318
linkedin.com/in/masonKang | github.com/mkang7446 | mkang7446@gmail.com

A full-stack web developer with an MBA and a track record of increasing sales and profitability. Bilingual, fluent in Korean and English. 6+ years of service in the U.S. Army reserve as a mechanic.

TECHNICAL SKILLS

- **Frontend** - Javascript, React.js, jQuery, HTML5, CSS3, Python
- **Backend** - Node.js, Express, PostgreSQL, MySQL, MongoDB, Django
- **Testing/Deployment** - Mocha, Chai, AWS, Netlify, Heroku

SOFTWARE DEVELOPMENT PROJECTS

CamPIN | *Full-stack campgrounds review website*   https://campin.netlify.app
React.js | HTML5 | CSS3 | Django | PostgreSQL

- Utilized React.js components to create a full-stack application that provides all CRUD operations (create, read, update, delete) with review functionality
- Used Google Maps API and Geolocation API to allow users to search locations and place the pins on the map by translating latitude, longitude and addresses as data

TriFle | *A real time stock & cryptocurrency tracking app*   https://trifle-project.netlify.app
React.js | Redux | HTML5 | CSS3 | Chart.js

- Architected the React front-end service of stock/cryptocurrency price and latest news in real time
- Implemented React for dynamic rendering and routing in order to browse without reloading the entire site

RAM-Electronic | *MERN full-stack team built eCommerce application*   https://ramelectronics.netlify.app
MongoDB | Express | React.js | Node.js | HTML5 | CSS3 | Axios

- Collaborated with a team of 3 remote engineers to build a full-stack eCommerce application where users can view electronic products, add to cart and shop
- Handled async RESTful API calls by communicating with back-end engineers to render data queried from the database

EXPERIENCE

TACTICAL POWER SPECIALIST | United States Army Reserve   *Feb 2016-Present*

- Perform maintenance on the tactical utility, precise power-generation sets, internal combustion engines and associated equipment
